Easy to apply:

Call 19123 (Option 8), WhatsApp 7011931880 or click <http://bsesbrpl.co.in/switchdelhi/>

For a safe charging and enhanced life of an EV battery

- For safety, installation of ELCB/ MCCB for power is mandatory for EV users to prevent mishaps
- Always ensure, terminations of the battery are properly tightened
- Never start charging immediately after a drive, as the ions are hot. Ensure a cool down period before initiating charging
- Use battery designed for your EV and charge using designated chargers only
- Never place excess weight over the battery and ensure the

battery is firmly held. Perform a regular cleaning of surface and terminations

- Avoid battery overcharging / continuous charging when the battery is fully charged

BRPL energies record 100 Mwp of roof-top solar

In a short-span, BRPL has achieved a 100 MWp of rooftop solar installations under net-metering in South and West Delhi from over 3700 connections. Consumers across categories, including residential and CGHS, have warmed up to roof top solar net metering in big-way. It is an ideal method to reduce electricity bills and also do your bit for the environment.

Go solar for just Rs 23,400* per kW!

Now, a residential consumer can get a Government subsidy of upto 40% for going-solar. For details on rates and vendors & expressing your interest, please visit www.solarbses.com. You can also call 19123 (option 8).

**Price per kW for upto a 3 kW connection; excluding GST*

Beware of fraudulent calls & messages regarding payment of electricity bills!

Beware of fraudulent calls and messages regarding electricity disconnection, bill payment, etc. Do not click on unknown links or call on suspicious numbers received through SMS/e-mail. Remain alert & pay your BRPL bills only through bonafide platforms like BSES WhatsApp, BSES Website, BRPL Power App, E-Wallets and QR Code printed on the electricity bill etc
