Simple precautions for a bright festive season

Just because the restrictions are easing and the festive season is here, does not mean that the danger of Covid is over. It is not. Measures to stay safe that were true a few months ago still remain the only 'vaccines' against the Corona virus. Be extra cautious during the festive season.

Wear mask

Maintain social distancing

Wash / sanitise hands frequently

Avoid unnecessary gatherings / get-togethers

Celebrate festivals virtually

Don't let DG sets add smoke to your celebrations
