Delhi crossed last year's peak winter power demand on 25 days

This winter broke many records as far as power consumption was concerned. During November-December-January, Delhi's peak winter power demand, not only made a new record of 5343 MW, but also crossed last year's peak winter power demand (of 4472 MW) on 25 days (8 days in December 2019 and 17 days in January 2020).
