FOR YOUR OWN SAFETY AND SECURITY, GET YOUR METER SHIFTED TO AN ACCESSIBLE PLACE

For your own safety, consumers are requested to get their electricity meters shifted outside their premises - at a common and an easily accessible place.

BENEFITS OF SHIFTING THE METER AT AN ACCESSIBLE PLACE:

- * Prevents imposters from gaining entry into consumer's premise by masquerading as a meter reader
- * In case of sparking or any other emergency, it is easier for electricity officials to identify and access the meter
- * It will help in reducing power theft. Consumers will get better power supply and outages on account of network faults will also reduce.

TO GET YOUR METER SHIFTED PLEASE CALL US AT 399 99 808 AND PRESS 3.
